

RAHS CONFERENCE

Windows into Local History

Campbelltown Catholic Club
26 – 27 October 2024

RAHS members visit St Peter's Church in Campbelltown on 27 June 1942 (RAHS Collection)

Local history, with its intimate view of the past, is a key to understanding the interconnectedness of history at all levels. It reveals how global and national events have shaped local communities and how local events have contributed to the Australian story.

The 2024 RAHS History Conference, *Windows into Local History*, will be a fantastic opportunity to engage with local history and discover what it can reveal about your community. The conference will take place in Campbelltown, on the traditional lands of the Dharawal People. It is the perfect site for our conference as the region's rich tapestry of heritage sites, landmarks, and festivals reflects the development and diversity of New South Wales. The annual Fisher's Ghost Festival also provides a unique window into how Australians engage with local legends and folklore over time.

We are sure you will enjoy the RAHS Conference program and your visit to the Campbelltown region. We extend our heartfelt thanks to the Campbelltown and Airs Historical Society and the Campbelltown Council for their invaluable contributions to a fascinating conference program.

For more information and to book your place, please go to the 2024 RAHS Conference website:
